

# ENEA TSANAI

111 MacDade Blvd, Folsom, PA 19033

☎ (610) - 653 - 5287 ✉ enea.tsanai@gmail.com 💻 enea-tsanai.github.io

## EDUCATION

---

### **Villanova University, Villanova, PA**

*Aug 2015 - Present*

M.S. Software Engineering - Expected May, 2017

- Teaching & Research Assistant - Tuition Scholar
- Current GPA: 4.0

### **University of Patras, Patras, Greece**

*Oct 2009 - Nov 2014*

B.S. Computer Engineering and Informatics

- Thesis: Routing and Multimedia Applications in Wireless Mobile and Vehicular Ad Hoc Networks

## EXPERIENCE

---

### **Web Developer, CSC Department - Villanova University, Villanova, PA**

*Aug 2015- Present*

- Developing a data visualization tool as part of the NSF-Villanova Stormwater Systems Research Project.
- Technologies used: REST, Python-Flask, HTML5, Sass, Bootstrap, JQuery, Dygraphs and MongoDB.

### **Researcher/Developer, Research Unit 6, Patras, Greece**

*Jan 2012 - July 2015*

(Research)

- Focus on ad hoc networks, quality of service, multimedia streaming and routing protocols in mobile and vehicle ad hoc networks. Proposed cross layer mechanisms for routing, video streaming and interface-channel switching.
- Evaluation of routing protocols in mobile and vehicle ad hoc networks through large scale simulations in the simulators NS-2 and NS-3. Published results in well-known international conferences including IEEE and Springer.

(Development)

- Drupal content management system website developer, designer, administrator and maintainer.
- Implemented routing enhancement mechanisms and module extensions on the simulators NS-2 and NS-3.
- Automatized simulation parameterization, execution, data organization and visualization.

### **Open Source Tutor, Greek Open Source Software Society, Patras, Greece**

*Nov 2014 – July 2015*

- Presented advanced material for the NS-2 and NS-3 simulators.
- Mentored teams towards open source contribution to the NS-2 and NS-3 simulators.

### **Web Group Member, CEID Department, Patras, Greece**

*Oct 2014 - June 2015*

- Responsible for site maintenance and extensions via developing custom Drupal modules.
- Wrote manual for the department's website architecture, maintenance and extension procedures.

### **On Campus Intern: Product Feedback & Marketing, GameOn, Patras, Greece**

*Oct 2014 - Feb 2015*

- Campus lead: organized teams for GameOn's app promotion and user feedback collection.
- Used, tested GameOn's app and reported bugs to headquarters in San Francisco.
- Proposed new features and modifications for improved UI/UX.

## TECHNICAL SKILLS

---

- PHP, Python, Java, C++, MySQL, JavaScript, HTML, CSS, Linux Bash (3+ years)
- Drupal 7, LAMP stack, JQuery, Git & GitHub, NS-2 & NS-3 (2-3 years)
- MongoDB, Flask, Sass, Dygraphs, Bootstrap, Sencha ExtJS, JUnit, REST, JetBrains IDEs, Android, Maven, Jenkins, SketchUp (1-2 years)

## PROJECTS

---

- **AllJumbledUp (2015):** Designed and developed the AllJumbledUp game. Implemented in JavaFX and MongoDB.
- **AdhocNets (2013-2015):** A series of enhancement mechanisms and simulator extensions for routing in ad hoc networks. PDR improvement up to 20%. Implemented in C++, Python and bash scripts.
- **Ru6-web (2014):** Designed and developed the new RU6 website. Migrated data and users. Implemented in Drupal.
- **Wbos (2013):** Designed and developed a web based ordering system for desktop and mobile devices. Implemented in PHP, MySQL, JavaScript, HTML, CSS.
- **MyPlaces (2012):** Developed android app for custom places search. Implemented in Java and Google APIs.
